## **DETAILED ACTION**

### ***Claim Objections***

1. Claim 26 is objected to under 37 CFR 1.75(c) as being in improper form because the improper multiple dependency of the claim: "claims 1 and 21" should be replaced with --claim 1 or 21--. See MPEP § 608.01(n). Accordingly, the claim 26 has not been further treated on the merits.

2. Claim 42 should be indicated as --cancelled-- rather than "abandoned".

Withdrawn claims should be indicated as --(Withdrawn)--, the standard format, at the beginning of the claims rather than "Withdrawn (per restriction requirement)".

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claims 1-16, 21-26 rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. Applicants have extensively amended the claims; however, the support for the amendment is not listed in details. For example, (i) no support for term such as "plurality of polymers" of claim 2 is found in the specification; and (ii) no support for claim 22 is found in the specification. Applicants are urged to explicitly indicate where in

the specification the each of newly added limitations of the claims is support respectively.

***Response to Arguments***

5. Applicant's arguments with respect to the rejected claims of the record have been considered but are moot in view of the new ground(s) of rejection.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
